

The Palatka News and Advertiser

City Happenings and Personal Mention.

Richard Petermann spent Sunday in Jacksonville.

Mrs. A. S. Willard expects to go to the coast next week.

Chas. Burt spent the Fourth with his brother in Savannah.

Senator Frank Adams of Hamilton county is in the city today.

Robert James went to Daytona last Saturday for a few days outing.

"Squire" J. L. Barton, of Crescent City, was a visitor in the city yesterday.

Capt. Ford of the Atlantic Coast Line passed through the city yesterday.

Rob't. Armstrong spent the Fourth very pleasantly with friends in St. Augustine.

J. Pursley, of Guilford, Fla., spent a short while in the city last week with relatives.

Judge J. C. Vertrees is expected home from Summer Haven for a few days next week.

F. C. Waldron, a prominent citizen of Welaka, was noted among Saturday's visitors to the city.

Dr. and Mrs. H. C. Brannon and the children are spending the summer on the beach at Daytona.

M. M. Vickers and Harry Carman witnessed the Gainesville-Lake City base ball game last Tuesday.

Miss Jennie Palmer, a popular young lady of Como, spent the Fourth in Palatka with friends.

There will be a dance at the pavilion on the Heights to-morrow (Friday) night. Everybody invited.

Ernest Monday, of Jacksonville, spent several days of last week in Palatka with relatives and friends.

A Baptist young peoples union was organized on Sunday last with an enrollment of about forty members.

Mrs. Louis Jackson has returned from Jacksonville, where she has been for the past month on a visit to friends.

Rev. Fr. Voile of Jacksonville is temporary pastor of St. Monica's church during the absence of Fr. O'Brien.

C. Carman, Sr., came over from St. Augustine and spent several days last week with his family on the Heights.

T. R. Livingston, of Hollister, has purchased the Thelbert bakery business on Lemon street, and assumed charge yesterday.

Miss Bell McKee left last Thursday afternoon for Augusta, Ga., at which place she will spend the summer with relatives.

Electric lights are being put in the Armory of the Guards, which will be a decided improvement on the present method of illumination.

Dr. Geo. E. Welch states that the general health of the city is good, and that so far the extreme heat and drought has not been the exciting cause of sickness.

Maurice Robins, a former Palatka boy, now of Jacksonville, is greeting friends in this city several days the past week. He returned home Sunday afternoon.

F. C. Cochran's book store has been moved from the old Lemon street stand to the large store on Front street next north of the East Florida Savings and Trust Co.'s office.

Last Sunday at the home of Mr. Kernan at Bunnell, Rev. Wm. Stokes, pastor of the Baptist church in Palatka, united in marriage Mr. Lucy A. Geiger and Miss Ada Frisbie.

Chiff. A. Maul, well-known Putnam county boy, now agent of the F. E. C. Ry., at Panama, was in the city over night Tuesday en route to the home of his parents in Crescent City.

Miss Martha E. West, of Monroe, N. C., who has been visiting at the home of her aunt, Mrs. G. Loper Bailey, for the past two months, terminated her visit and returned home last week.

Geo. Stimmler of this city has won quite a reputation as a star base ball umpire, and his services are being eagerly sought by all the clubs in the state. Mr. Stimmler umpired the game on Tuesday afternoon in Gainesville between the Oak Hills of that place and the Lake City club.

Miss Florence Davis returned last Sunday from Jacksonville, where she has been for several weeks past on a visit to the family of Mr. Robt. J. Riles. Miss Davis was accompanied on her return by her niece, Miss Elise Riles, who will remain here the balance of this week.

Win. Williams, a Putnam county boy whose home is at Bostwick and who has been creditably filling the position of night operator at the union station here for a short while past, left Monday for Texas, where he will engage in railroad work. Mr. Williams has many warm friends here who wish him abundant prosperity.

An article from Mr. C. H. Gaultier, exposing the malicious charges brought against Dr. G. F. Sprague and put in circulation by W. M. Williams of San Mateo, reached this office too late for insertion. The article will appear in the Times-Herald. In this article it is shown, as is well-known by all who want facts, that Dr. Sprague withdrew membership in the Tripp club when that organization agreed to support a republican. Dr. Sprague, true to his democracy, voted for Dr. E. S. Crill.

Mrs. D. Lechleitner and daughter, Miss Josephine, left last week for Delphos, Ohio, at which place they will spend about three months with relatives and friends. Before their return home in the fall they will spend a short while in New York on visit to the family of Mr. Lee Lechleitner.

Dr. A. M. Steen has returned from a pleasant visit with his "old college chums," and a visit to his alma mater, the Pennsylvania Medical College. The doctor states that he was royally treated by his old classmates and tutors. At a college class banquet he was toasted upon the high rank he had attained in the medical profession.

The Palatka Citizens Band gave its first open air concert at the band stand at the foot of Lemon street last Friday night at 8 o'clock. Almost the entire population turned out to hear them and all were enthusiastic in their praises of the organization. Every selection rendered was greeted with rounds of applause and the band was voted, as a citizen was overheard to remark, "a warm member in a warm town."

The News has had to refuse several communications this week. They were all of a political nature, and each of them could have been sent in earlier in the campaign so that the parties attacked could have had a chance to reply. But this was not the purpose of our correspondence, and the News had to "turn them down" in the interests of fairness. We do not mean that this paper shall be used for unfair purposes, either by our political friends or foes.

Ed. Gerber met with a very painful but not serious accident at Boyd's ship yard at noon yesterday. While operating a joint he had the misfortune to get the first and little fingers of his left hand caught in the machine, smashing the bone and lacerating the flesh badly. Dr. Geo. E. Welch was summoned and dressed the wounded hand, and has hope of saving the fingers. At last report the patient was resting easy.

The Fourth passed off very quietly in the city, and had it not been for an occasional burst of the cannon-cracker, one would have thought that it was Sunday. As a usual thing an over-abundance of booze is freely taken on during such patriotic times, but the day here was marked by a sober and orderly demeanor, only one case of drunkenness being soon during the entire day. The Putnam Alert Hose Co., celebrated by having a banquet at James' and a pleasant time was spent. Nearly all the merchants closed their doors at noon and gave a half holiday to the clerks.

Hon. S. B. Mallory, United States senator, spent a few hours in the city last Friday, en route north from Key West and Miami. During his short stay he embraced the opportunity to call upon many of his old friends and acquaintances under the shelter of Capt. Walter M. Davis. The senator, though somewhat spare as compared with former years, nevertheless seems to have recovered fully from his severe illness of last year, and appears now to be in robust health. As one of Florida's illustrious and successful quartette of workers at Washington, Senator Mallory, always popular, has attained to a place in the estimation of the people of the entire state, that promises to continue him in public place during all of his remaining active years.

Installation of Officers.
St. Johns Lodge, K. of P., held the ceremonies incident to its semi-annual installation of officers in the lodge room last Thursday evening. Deputy Grand Chancellor, W. S. Burdett, of this city, was the officiating officer, and there was a large attendance of members. The following are the newly installed officers: Chancellor Commander, L. A. Smith; Vice Chancellor, H. A. Davis; Prelate, L. C. Stephens; Master of Work, H. C. Amason; Master at Arms, J. T. Bond; Inner Guard, Robert James; Outer Guard, Chas. Cummings. The retiring Chancellor Commander, Frank D. Wattles, was presented with a fine jewel by vote of the lodge. Mr. Wattles' administration of affairs of the lodge has been eminently successful, and as a presiding officer he has few if any superiors. During his administration there has been many additions to the lodge.

At the conclusion of the ceremonies of installation the members adjourned to Smith's ice cream parlor, where they were treated to cream by the new Chancellor Commander. Some 25 sat at the tables, and an informal talk by Judge Haskell helped to make up a pleasant and profitable hour.

Home Again.
Congressman Rob't W. Davis arrived home last Saturday and is at the home of his daughter, Mrs. A. S. Willard, where he will remain until the opening of the next session of Congress in December. His familiar form is again seen upon the streets daily, and he has been kept pretty busy shaking hands with his fellow citizens all of whom have a special desire to congratulate him upon his part in the great work performed by the Florida delegation in the congress just closed. Mr. Davis looks well and hard congressional labor appears to agree with him. He says, however, that he is more than pleased to get back home and rest.

Miss Nellie Davis did not return with her father, but will remain a short time longer with friends at a Delaware seaside resort.

Wind-Up Meeting.

The closing meeting of the campaign will be held in the court house tomorrow (Friday) evening. The speakers will address the people from a platform to be erected. All the county and legislative candidates are expected to be present and both candidates for the states attorneyship.

The Citizens band has been engaged to discontinue music for the occasion. There will likely be a large crowd present to greet the speakers. The fact that Hon. Rob't W. Davis will address the meeting, insures a big crowd.

Probably a Mistake.

At the meeting of the board of county commissioners for the purpose of equalizing taxes and fixing on the millage for this year, last Monday, Tax-assessor Bullard showed a letter from the Comptroller, just received, in which it was stated that the total amount of railroad assessment for the county this year was \$735,072.72, about \$67,000 less than last year. The announcement created quite a stir.

Believing that a mistake had been made by the comptroller, a telegram was sent to him asking if it was true that the railroad assessment had been reduced in Putnam county. To the telegram Comptroller Cronin made the following reply:

Tallahassee July 8th
Palatka News:

The state board has not reduced the valuation of railroads in Putnam county.
A. C. Cronin, Comptroller.

Senator Crill and others believe that in sending the total to the tax collector the Comptroller, or a clerk, by inadvertency omitted some one of the lines, of road, and that this will later appear to be the fact.

The Grandin Meeting.

The Fourth of July picnic and political rally at Grandin was probably the best attended and most enjoyable meeting of the campaign. A large party went from Palatka, and people flocked to the meeting from all quarters. All of the candidates were present, and each one was given ample opportunity to tell what he knew.

Syd L. Carter and his opponent for the state's attorneyship, Neil M. Alfred, met for the first time in the campaign in this county.

Dr. G. F. Sprague, who is something of a hand at the getting up of barbecues and managing picnics for a large crowd, such as met at Crescent City two years ago, states that "the Grandin dinner was one of the best prepared, most elaborate picnic dinners he has ever attended, and one that will forever constitute the set standard of excellence for other communities." Others speak in terms equally as high, not only of the dinner, but of the open hearted hospitality of the people.

List of Candidates.

The following is the list of candidates to be voted for at the democratic primaries next Tuesday, July 12th:

FOR UNITED STATES SENATOR, Stephen L. Mallory.

FOR REPRESENTATIVE IN CONGRESS, SIXTH DISTRICT, Rob't W. Davis.

FOR JUSTICE OF THE SUPREME COURT, William A. Hooker.

FOR SECRETARY OF STATE, Joseph B. Wall.

FOR COMPTROLLER, H. C. Crawford.

THE PERFECT LIVER MEDICINE

Mrs. M. A. Jolley, Noble, G. T., writes: "I have used Herbine for a number of years, and can cheerfully recommend it as the most perfect liver medicine, and the greatest blood purifier. It is a medicine of positive merit, and fully accomplishes all that is claimed for it." Malacia cannot find a lodgment in the system while the liver is in perfect order, for one of its functions is to prevent the absorption of fever producing poisons. Herbine is a most efficient liver regulator. 50c at Ackerman & Stewart, Palatka, and Lounds, Crescent City.

How Will the Election Go?

Friends of the respective candidates for the legislature are now doing some figuring on the result of next Tuesday's primaries, and of course most of the candidates are figuring out, publicly, a good safe majority for themselves. As a matter of course not all can realize their ambition.

Those in position to know estimate that about 550 votes will be the total poll of the county. There may be more. Of these 500 votes will be pulled in the precincts to the north and west of Palatka, 250 in Palatka, 150 on the peninsula, and 50 in the San Mateo, East Palatka and Federal Point precincts.

John P. Wall states that he will be elected. That is to say, such is his public statement. In private conversation with his friend two weeks ago, however, he stated that he expected to be defeated. Mr. Wall has heretofore carried the county by a very large majority. Those who dip deep into political prognostications, now say that a most liberal estimate of his strength will be as follows: 150 on the peninsula, and 10 from the three precincts on the east side of the river. This estimate gives him a total of 160 votes, not enough to nominate.

It is hard to get estimates of Dr. McRea's probable strength, and those who do the figuring confess that they are puzzled. Qualify in the cases of Chesser and Wythe. The most that is said of Mr. Chesser is that "his vote will surprise people." Mr. Wythe's case is also a puzzle. Some say he will carry Palatka, that he will get over a hundred votes in West Putnam, and carry the Peninsula, and the east river precincts. Others say he is not in the race. A bitter fight is being made against him.

It is estimated in all quarters, by leading workers in West Putnam, Palatka, the peninsula and east river precincts that Dr. G. F. Sprague will lead the ticket and that he will be the only one to have a majority in all the precincts. But even so, a second primary to determine the other candidate. Sprague is conservative, favorable to stockmen, and the bitter foe to the dispensary liquor measure. Some say he will get as high as 500 votes. Others that he will get 400. But one of the party leaders who think his vote will under the last mentioned number.

In the county treasuryship contest there is probably centered the greatest interest. Candidate Groons and his opponent, Chesser, are both now in the campaign draws to a close. They are claiming everything in sight. Mr. Groons himself, and Dr. Estes, claims that Groons will carry Palatka by from 50 to 75 majority. This claim is laughed at by Mr. Kennedy's friends, who point to some exorbitant claims made by Mr. Groons and his friends, when Groons ran for alderman in his ward last spring. In that contest there were 35 votes cast, of which Mr. Groons received 7 and A. R. Garland, his opponent, received 28.

On the other hand, one of Mr. Groons' staunchest supporters predicts Kennedy's election by a big majority. He says Mr. Groons, while an admirable citizen, is a weak candidate to put up against Joe Kennedy. The Groons forces it is stated, are voting a big vote for Groons, who expect to cast a ballot upon giving a pledge to support the nominee. This is a mistake. The primary will be a democratic affair, though the doors will be open to all republicans who will take oath to the constitution, the state and county democratic ticket two years ago and will pledge to support the primary nominee.

Mr. Kennedy's friends are not saying much. They point to their candidate as a citizen above reproach; one who paid out more good money for democratic success in the past years of his prosperity than any other half dozen men in the county; one whose record is clean, honest and honorable, and a man who is deservedly popular in all parts of the county. They predict his majority will reach about 200.

Base Ball Last Week.

The Jasper base ball club played the Palatka team on the diamond here last Friday afternoon, July 4. It was supposed that the visitors had a strong aggregation of ball tossers, and was coming loaded for big game, but the locals did them to a base broken by a complete shut out. The score was 12 to 0. The attendance at the park was very good, there being about 300 people present. The visitors seemed bewildered when they faced Allen, the twirler for the home team and they failed to make connection with his curves. Some errors were made on both sides, but they had their redeeming features. One pretty fly to center field was fumbled by Baky, but he redeemed himself in the last half of the sixth inning when he drove a pretty sky-scraper to left field fence, making a two-bagger and bringing two men home. Sanford also made a pretty hit to center and shoved two men across the home plate in the last half of the eighth. McBride was in his usual good form and did some splendid work on second base and at the bat. While the Palatka team has suffered defeat on one or two occasions it still has a chance to retrieve its losses, but this can only be done by a united effort on the part of the players, and that effort is nothing more nor less than team practice.

On Saturday afternoon another game was played here between Palatka and San Mateo, and those who went out to witness the contest say it was the real article. Both sides were about evenly matched and the score resulted in a tie, the score being 6 to 6.

PALATKA'S GALA DAY.

Yacht Races, Base Ball Tournament and Kindred Sports.

Big Crowd Promises to Visit us July 29th.

Palatka's big Gala Day, with excursion trains running to the city from Leesburg, Sanford, Gainesville, Ocala, Jacksonville, Lake City and intervening towns will take place on the 29th inst.

Posters announcing the big event will be scattered broadcast over the state this week, and from the schedule of rates promised by the various lines of railroads leading to the city it is fair to estimate that from 5,000 to 8,000 strangers will visit Palatka that day.

Tickets are to be issued good for the 29th and 30th.

Yacht races will take place in full view of spectators on the broad sweep of river in front of the city, and some of the swiftest yachts in the south will contest for liberal prizes.

Leading base ball clubs from all sections of the state will be here to take part in the tournament.

Tuesday July 29th will be a big day in Palatka.
